

THE OHIO STATE UNIVERSITY
COLLEGE OF ENGINEERING

Biomedical Engineering Seminars I

BIOMEDE 8810

Credit Hours:

0.00 - 0.00

Course Levels:

Graduate (5000-8000 level)

Course Components:

Seminar

Course Description:

First course in two course sequence. Seminar series for introducing the state-of-the-arts development of biomedical engineering.

Prerequisites and Co-requisites:

Prereq: Grad standing, or permission of instructor.

Course Goals / Objectives:

- Identify the recent development in the broad field of biomedical engineering
-

Course Topics:

- Seminars given by speakers from OSU and other research institutions and industry
-

Designation:

Required
