

THE OHIO STATE UNIVERSITY
COLLEGE OF ENGINEERING

Undergraduate Research for Thesis

ISE 4999

Credit Hours:

1.00 - 4.00

Course Levels:

Undergraduate (1000-5000 level)

Course Components:

Independent Study

Course Description:

Opportunity for undergraduates to conduct research in Integrated Systems Engineering.

Prerequisites and Co-requisites:

Prereq: Permission of instructor.

Course Goals / Objectives:

- Students gain experience in research planning and design, conducting research, analyzing and interpreting data, and results dissemination (writing thesis).
-

Course Topics:

- Supervised undergraduate research on various topics in industrial and systems engineering.
-

Designation:

Elective
