

THE OHIO STATE UNIVERSITY
COLLEGE OF ENGINEERING

Mechanical Engineering Graduate Seminar

MECHENG 8888

Credit Hours:

1.00

Course Levels:

Graduate (5000-8000 level)

Course Components:

Lecture
Recitation
Seminar

Course Description:

Lecture and discussion of current topics related to Mechanical Engineering presented by graduate students, staff, and guest speakers. Course does not count toward course work required for MS or PhD degrees.

Prerequisites and Co-requisites:

Prereq: Grad standing in MechEng, AeroEng, or NuclrEn.

Course Goals / Objectives:

- Introduce graduate students to a broad range of research topics in mechanical engineering
 - Improve professional skills of graduate students in Mechanical Engineering
-

Course Topics:

- Introduction to contemporary research areas in mechanical engineering
-

Designation:

Required
